Press Release

“The Recovery: How Strong, How Long, and at What Cost?”

Don't miss the return of National Economist, Brian Beaulieu, to the Clermont Chamber of Commerce on Thursday, April 22, for his annual Economic Forecast Breakfast, this year entitled, “The Recovery: How Strong, How Long and at What Cost?”

One of the country's most informed economists, Brian Beaulieu has been an economist with the Institute for Trend Research since 1982, serving as a principal and its CEO since 1987. At the Institute, his focus is research into using business cycle analysis and forecasts to increase business performance and profits.

You will walk away from Brian's breakfast program with new or expanded information such as:

Short-term and long-term economic forecasts (U.S. and /or abroad).

How our forecasts impact your company.

Is the economy going to grow?

What about inflation?

What are the up and coming economies?

What leading economic indicators should we be watching for?

Because of the strong relationship between Economic Growth, Workforce Development and Education, this event is sponsored each year by Grant Career Center, Great Oaks Institute of Technology & Career Development and University of Cincinnati Clermont College.

The Breakfast will be held at Receptions Conference East from 7:30 – 9:30. Chamber members may attend the Breakfast at a cost of \$35 and Non-Members for \$70. This event promises to be a sellout as it has been the last two year. Contact the chamber to reserve your place today by phone 576-5000 or online at www.clermontchamber.com.

Founded in 1969, the Clermont Chamber of Commerce is an association of approximately 1000 businesses working together to make the ClermontCounty area the best place to locate, operate and grow your business.
