

The Children's Protective Services Levy
is for the **CARE OF** the most vulnerable
of our population:
**Abused, Dependent, and Neglected
Children.**

Children's Protective
Services Levy

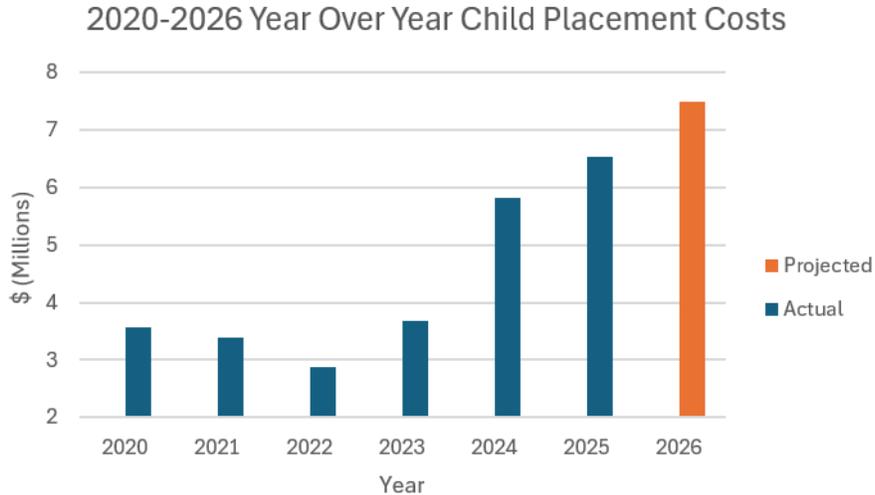

Clermont County Children's Protective Services is mandated to investigate allegations of child abuse and neglect. They strive to preserve families through education, treatment, services, and support, while also ensuring the safety and care of children who are placed into foster homes or residential treatment facilities.

A levy renewal with a 0.2 mill increase will cost a household with a \$100,000 valuation an additional \$6.99 per year. This small increase is needed as the current effective millage is not sufficient to meet the rising and projected costs of placement-related services. This is PENNIES a day to ensure the vulnerable children of Clermont County are cared for!

VOTE YES ON TUESDAY MAY 5th!

WE NEED YOUR HELP TO CONTINUE TO CARE AND PROTECT CHILDREN IN CLERMONT COUNTY

This minimal increase will make a BIG impact for the safety and care of at-risk children!

Funds from this levy are solely used to pay for “the Support of Children Services and the Care and Placement of Children” per Ohio Revised Code.

In 2025, CPS investigated 1469 maltreatment (neglect, abuse, dependency) allegations. 279 children were in placement in 2025. **CPS is responsible for paying for the costs associated with the placements.** The current funding is insufficient to cover the over \$6.5 million dollars in placement-related costs.
